Terms of Usage (borrower to initial each section)

DAS Telescope Loan Application & Agreement

Return the equipment at the end of the loan period. A loan extension for one additional month may be granted if no other loan requests are pending and the coordinator is contacted at least one week before the end of the original loan period.

At the end of the loan period, the equipment will be inspected by the coordinator and the deposit will be returned if the equipment is in acceptable condition (i.e., basically the same condition as when disbursed). The coordinator and borrower will sign off on the loan application and agreement form.

In the event that the loaned equipment is lost or stolen, the borrower will be responsible for the entire used replacement cost of the equipment. In the event that the loaned equipment is damaged, the borrower will be responsible for the cost of repair or replacement, as necessary to return the equipment to working condition. The \$100 security deposit will be applied toward the repair or replacement costs.

For telescopes other than the 8-inch Dobsonian there are no exceptions to the requirement for 3-months of DAS membership or the deposit policy. Late return of the telescope or missing or damaged equipment may result in loss of some or all of the \$100 deposit and additional replacement or repair costs, as explained above.
